

# Icon Of Coil, Sleepless

Let me see the world you're building now  
Fear and anger feel so sweet  
It's hard to hear your voice  
When it's only in my head  
It's a part of you in everyone i meet

Your skin still haunts me down  
I'm on my knees  
Trying to imagine how it must have been  
The soil is still crying  
The rust and the leaves  
Will never fade away  
From the pictures in my head

Tell me that you're hear  
That you never went  
That it's all a dream  
This has never been  
Why don't you answer me  
Don't leave us empty handed

Though I know it's real  
But still I try  
Cause in my world  
You had never died  
Why don't you answer me  
Don't leave us empty handed

Every night, sleepless  
How I want a second chance  
For what it's worth  
To say I'm sorry  
And to say our last goodbye  
How I regret that I didn't stay  
To hear your laughter  
One last time

When you haunt the dreams  
Of those who stole your breathe  
Ask them how they possibly can sleep at night  
Send them my regards and I'll be waiting  
Here, in front of your grave  
I'll be waiting

Tell me that you're hear  
That you never went  
That it's all a dream  
This has never been  
Why don't you answer me  
Don't leave us empty handed

Though I know it's real  
But still i try  
Cause in my world  
You had never died  
Why don't you answer me  
Don't leave us empty handed
