

# Ida Jenshus, Don't Hold Too Tight

You say you understand the way I'm feeling  
You got that same longing in your heart  
There's nothing that we can do about it  
But I'll be missing you, whenever we're apart

I see you looking like everything's all right  
I hear you saying babe, you sure look fine tonight  
You're not the kind to give up without a fight  
Neither am I, so please don't hold too tight

We walk in circles, even though it burns  
Keep on trying, keep on playing hard  
Keep on acting so it doesn't show  
Keep saying to ourselves they'll never know

I keep an eye on every move you make  
I follow, like a child, each step you take  
I know you said it's easy to be true  
But somehow I just forget when I'm with you
