

Idle Sons, Long Way Home

Break yourself
Down again
This is your only ploy
to make it up
You come back around
Now you will only

Break my bones
then come back again
It's overexposure
Create control

Listen up
Shut your mouth
this is my only ploy
I'm taking back
All that once was mine
Now you will never

Break my bones
then come back again
It's over exposure
Create control

On your own again
It's over

Break my bones
then come back again
It's over exposure
Create control

Such a long way home
It's such a long way home again
It's such a long way home
This the last time you will ever see my face
This time it's over
