

Idlewild, Galvestons Dead

Galveston, she was my only friend
so I did and I don't want to talk about
i did it with the flowers

and I said dead, galvestons dead, galvestons dead, galvestons dead
galvestons dead, galvestons dead, galvestons dead
I think he might be dead

Galveston and I were best friends
at Junior high school we would walk and talk
and walk and talk
round fields of summer glass
and summer glass
stand up everybody
your not gonna get hurt by this..

so galveston and kerry
were walking in the park one day
walking in the park one day

i saw a blister
i saw a blister on a tree
i invited it to be me
