

Iggy Pop, Fire Girl

I loved you when
It was alright
I'll love you when
It all goes wrong
I love you when
My eyes are open
I'll love you when
My eyes are gone
Fire girl-say you will

I have no time
To watch TV
Yours is the face
That interests me
I loved you when
You lost your raincoat
I'll love you when
You lose your fear
Fire girl-say you will

Pockets full of rain
Bewildered by this change
Underneath the sky
I just want to fly
Fire girl-say you will

I'm so lonely
So just do it
Say you will
I got a pocket full of rain
