

# Iggy Pop, Jealousy

He's got a great bit hit  
He's in a limousine  
When I see his face  
Somethin' starts to freeze  
He's got money for miles  
His girl comes out of VOGUE  
When he acts like an ass  
He's treated like a rogue

I feel it comin' it's flushin' my face  
I feel it comin' jealousy baby  
I feel it comin' it's boilin' my blood  
I feel it comin' jealousy baby  
I feel it comin' flushin' my face  
I feel it comin' jealousy baby  
I feel it comin' boilin' my blood  
I feel it comin' jealousy baby  
This isn't for the first time in my life

She comes from top cheekbones  
She never worried hard  
You could camp an army  
On her family's yard  
When I look at blue blood  
I want to make it mud  
And tear that difference down  
Rock an' roll is how

I feel it comin' it's breakin' my neck  
I feel it comin' jealousy baby  
I feel it comin' boilin' my blood  
I feel it comin' jealousy baby  
I feel it comin' boilin' my blood  
I feel it comin' jealousy baby  
I feel it comin' breakin' my neck  
I feel it comin' jealousy baby  
This isn't for the first time in my life  
I feel it comin' it's flushin' my face  
I feel it comin' jealousy baby  
I feel it comin' boilin' my blood  
I feel it comin' jealousy baby  
I feel it comin' breakin' my neck  
I feel it comin' jealousy baby  
I feel it comin' heatin' my eyes  
I feel it comin' jealousy baby  
Jealousy baby
