

Ilkay Sencan, OMG (feat. Olivia Addams)

I can't fake
All the butterflies stuck in my head
When you put your lips down on my neck
You make me forget
You make me forget

I'm half drunk
Friends feel like strangers
Take my heart now
Make me surrender
I'm yours tonight
Uuh, I'm yours tonight (Aah)

I said, OH MY GOD
OH MY GOD
Touching you feels like paradise
But I can't take it one more night
I said, OH MY GOD
OH MY GOD
Nothing scares me anymore
When I'm with you babe I'd risk it all
I said, OH MY GOD

My best friend
Told me that I shouldn't be afraid
Even tho you'll break my heart again
Not gonna regret
Not gonna regret it

I'm half drunk
Friends feel like strangers
Take my heart now
Make me surrender
I'm yours tonight
Uuh, I'm yours tonight (Aah)

I said, OH MY GOD
OH MY GOD
Touching you feels like paradise
But I can't take it one more night
I said, OH MY GOD
OH MY GOD
Nothing scares me anymore
When I'm with you babe I'd risk it all
I said, OH MY GOD
OH MY GOD
Touching you feels like paradise
But I can't take it one more night
I said, OH MY GOD
OH MY GOD
Nothing scares me anymore
When I'm with you babe I'd risk it all
I said, OH MY GOD
