Imagine Dragons, Burn Out

Patience only gets you so far Blood will get you further Pain will only make your heart hard Tossed in furious weather Innocence is beautiful to see Won't you box it up for me? For me

Oh, give me strength, and give me peace If anyone's out there won't you hear me?

It's just another damn part don't let it get the best of you It's only up from the floor, light everything inside of you Don't burn out, don't burn out on me Don't burn out, don't burn out on me

Sadness is my enemy I fear time will age him gently Walking by my side for all these years Seems that we've grown friendly Happiness is beautiful to see Won't you box it up for me? For me

Oh, give me strength, and give me peace If anyone's out there won't you hear me?

It's just another damn part, don't let it get the best of you It's only up from the floor, light everything inside of you Don't burn out, don't burn out on me Don't burn out, don't burn out on me

It's just another damn part It's just another damn part I won't give up I, I won't give up I, I won't give up I, I won't

It's just another damn part, don't let it get the best of you It's only up from the floor, light everything inside of you I don't wanna let you go, I don't wanna let you go Don't burn out, don't burn out on me I don't wanna let you go, I don't wanna let you go Don't burn out, don't burn out on me
