

Imani Coppola, Fake Is The New Real

Fake Is The New Real

verse 1

full speed ahead

rock and roll is dead

the girls and boys in the Mickey mouse club

clocked em in the head

TV makes the people so tired

bored as a bird on a wire

I check their pulse as I light a match

and then I set the telly on fire

Chorus

Tell me whats the deal

Tell me whats the deal

Cause it really seems to me

bona fide id the old deal

and fake is the new real

Verse 2

Take a bite out of crime

as long as its not on your dime

if honesty will put you in jail

you know were living in phony times

you say you wanna get turned on

so you go to fuck me hard dot com

you take a moment and dig yourself

and then you drop your cyber bomb

repeat chorus
