

# Immortal, Tyrants

Tyrants

Armoured horses gloves of steel  
Silverblades... time to reveal  
We're the tyrants that guard the land  
Proud upon our gilded thrones  
Servants of... our great ancestors  
Who guarded the gates... to infinity  
Once kings of shadows  
On these blackened fields  
All might and domination  
Ruled the realm of the above  
Inconquerable walls... weapon of might  
Splendour and nobility... barbaric times  
We're the tyrants that guard the land  
Proud upon our gilded thrones  
The kings at hold... on their thrones  
Immortal and invincible... the might lives on  
Armies hoovered accross the lands  
Here rolls the rivers of red  
Beyond that has no man been  
Armoured horses gloves of steel  
Siilverblades... time to reveal  
We're the tyrants that guard the land  
Proud upon our gilded thrones  
Moments of time roll  
Deep within the mind  
Thoughts roam free and endless  
Remembering the tyrants time
