

# Imogen Heap, Not Now But Soon

Not now but soon  
The most beautiful light  
Will wake us to pillow fighting excitement

Not now but soon  
Right into every corner  
Satellites manoeuvring beams of change

Standing by the best days of our lives  
Magnificent, the best days of our lives  
Bing bang boom, the best days of our lives  
Are coming right up  
If we can just get through this one

Who said it was over?  
It's as good as it gets  
But we got a few tricks up our sleeves

If we swallow it's all over  
An open wine bottle is made to believe  
Silent you, love  
Soldered soliloquies

Oh, is it nothing's anymore  
Terrifying best, days of our lives  
We're hanging on the best days of our lives  
Today's about the best days of our lives  
Oh, they're coming right up  
If we can just get through this one

I'll hang on, grab onto your feet  
Someone else holds tight to my shoelaces  
When their trouser leg tears  
Runs and stops at the seam  
To keep us dangled together  
Until hell finds here

I'll hang on, grab onto your feet  
Someone else holds tight to my shoelaces  
When their trouser leg tears  
Runs and stops at the seam  
To keep us dangled together  
Until hell finds here

The best days of our lives  
Better be the best days of our lives  
Bring on the best days of our lives  
Coming right up...  
Woah, coming right up...
