

# Impaled Nazarene, Cogito Ergo Sum

Painted my world black  
Destroyed everything I had  
Burnt all the bridges behind  
I was prepared to die  
Ready for Armageddon  
Then nothing came

Cogito Ergo Sum

Waited for another date  
For this shit planet to end  
Why the fuck it didn't go  
The way it was supposed

Not only I am bitter  
I am filled with hate  
All I ever was asking for  
This shit to end!

So I am trying to reason  
Trying to carry on  
Yet I am hoping for  
Total mass destruction
