

Impaled Nazarene, Soul Rape

Allright
Fucking fine !

Joining the circle of master race waiting
The satanic reign number vier
Killing yourself to enter the gates
Sacrifice in the name of the lord

Cutting my wrists to seeking for pain
Fistfuck in the name of the beast
Raping and masturbating in flames
Orgy of blood, flesh & decay
Primitive way of damnation doom violence hate
Raping the whore
Urinating on your lord
The more I keep fucking the anal of God

Possessed cunts now ruling the sea
Sea of blood guts & gore

Illusions heaven was built in
Went down along your crucified whore

I said the crucified whore

Fucking slut

Emätin
[verse II: Vagina]

My soul has been raped once or twice
Third time I come and then you will die

My soul has been raped once or twice
Third time I come and then you will die

[repeat the whole from the beginning]
