

# Impaled Nazarene, The Return Of The Nuclear G

Nuclear armageddon attack  
Phallic deadly missiles  
Warheads ready to strike  
Bloodred nuclear skies

Burning horizons  
Chaos all around  
Skies open you realize  
Time has come to fuck off and die

Burning horizons  
Chaos all around  
Skies open you realize  
Time has finally come for:  
It's the return of the nuclear Gods  
A fist in your face in a megaton size  
It's the wrath of the nuclear Gods  
Mushroom clouds over bloodred skies

Nuclear killer fallout  
Agony, misery and pain  
Pay the price of idiocy  
Nuclear the only way

Burning horizons  
Chaos all around  
Skies open you realize  
Time has finally come for:  
It's the return of the nuclear Gods  
A fist in your face in a megaton size  
It's the wrath of the nuclear Gods  
Mushroom clouds over bloodred skies  
Feel the hate of the nuclear Gods  
Your pieces of shit drop like flies  
Feel the power of the nuclear Gods  
Weeping fucks just fucking die  
It's the return of the nuclear Gods  
A fist in your face in a megaton size  
It's the wrath of the nuclear Gods  
Mushroom clouds over bloodred skies
