

# Impellitteri, Leviathan

Hebridian winds blow  
Across the water of your homeland  
Are you just a shadow  
As the mist upon the Highlands  
Run deep, silently  
Lost forever  
\*Somewhere in the dark water  
Somewhere in the dark water  
Manitu, your brother  
Share the water of your ocean  
Legends are reality  
Misunderstanding what our eyes have seen  
Run deep, silently  
Lost forever  
[Repeat \*]  
Run deep silently  
Lost forever
