

# Impellitteri, Stand Or Fall

Deep in the heart of a stranger  
Under the haze of the city lights  
Wasting away and he's starting to fade into winter The music is calling his name  
Never will life be the same again  
I share it with you and together the vision will lead us  
Stand or fall  
Together we can have it all  
Whenever I look in your eyes, I know you believe  
Stand or fall  
Together we'll get through it all  
Tell everyone out there you know you've got to be free  
Take me away from the madness  
Hide me away in your secret place  
A traveler in time with the words and rhyme and the reason  
Hearing your voice in the night  
Leading me into the light of love  
Together we'll share in the harmony there without treason  
Stand or fall  
Together we can have it all  
Whenever I look in your eyes, I know you believe  
Stand or fall  
Together we'll get through it all  
Tell everyone out there you know you've got to be free  
Stand or fall  
Together we can have it all  
Whenever I look in your eyes, I know you believe  
Stand or fall  
Together we'll get through it all  
Tell everyone out there you know you've got to be free
