

In This Moment, He Said Eternity

You're my star, guiding me
I know love
Whispers of a life, in one breath you'd be
Everything I am, you saved me
You're the light, in my darrest hour
I'll be fine, with you I can move on
This is our eternity
There are no words, to say how proud I am
You're my miracle, my angel
You're the light, in my darrest hour
I'll be fine, with you I can move on
This is our eternity
I would walk through flames for you, to light a way
I light a path for you, and carry you through life
You're my miracle, my angel
You're the light, in my darkest hour
I'll be fine, with you I can move on
This is our eternity
