

Incognito, Promise You The Moon

(J.P. Maunick/P. Hinds)

Shinin' like the noon day sun

You gave me a fever

Hypnotised under your spell

Caught in a rapture

There's no use in denyin'

That much is true

There's no onther way to say it

I'd die for you

Chorus:

Whatever you desire

Child?

I give my all to you

Tell me what you desire

Oh child?

I promise you the moon

Late at night with Quincy and Gershwin

It's stronger than ever

This feeling inside

When you're holdin' me baby

So what's the use in denyin'

You know that it is true

There's no other way to say it (No)

I love for you (Only you)

Chorus

There's no use in denyin'

I'd die for you

Chorus

Repeat (Fade)
