

# Incognito, Time Has Come

(J.P. Maunick/R. Bull)

All things have meanin'  
If we take the time, then we will see  
Smoke means there's a fire  
So we live and learn to understand  
Recognising the danger  
(and) Throwin' out a lifeline if we're able  
Gather inspiration  
Together in a harvest of the free

Chorus:

Get up, 'cos the time has come  
You'd better believe, that it will be done  
You can't make pretend it's and illusion  
Get up, 'cos the time has come  
You better believe, that it will be done  
The reason bein' life is not a dream  
We're all witness  
To the politics, of life and survival  
New day is commin'  
Every woman, every man will be as one  
Can't stop tryin' like a mother  
To give her child a better life if she's able  
Keep on fightin'  
Believin' every word to be a song of freedom  
Chorus
