

Incubus, Anna Molly

A cloud hangs over, it's a city by the sea
I watch the ships pass and wonder if she might be
Out there and sober as a well for loneliness
Please, do persist, girl, it's time we met and made a mess
I pick your face in the back of my eyes
A fire in the attic, a proof of prize
Anna Molly, Anna Molly, Anna Molly
Do, do-do, do-do
Do...

A cloud hangs over and mutes my happiness
A thousand ships couldn't send me back from distress
Wish you were here, I'm a wounded satellite
I need you now, put me back together, make me right
I picked your face in the back of my eyes
A fire in the attic, a proof of prize
Anna Molly, Anna Molly, Anna Molly
I'll crawl to your name, I'll bend to the earth
Nobody else will ever compare
Anna Molly, Anna Molly
Wait' there is a light, there is a fire
Illuminated attic, fate or something better
I could care less, just stay with me a while
Wait there is a light, there is a fire
Defragmenting the attic, fate or something better
I could care less, just stay with me a while
I picked your face in the back of my eyes
A fire in the attic, a proof of prize
Anna Molly, Anna Molly, Anna Molly
I'll crawl to your name, I'll bend to the earth
Nobody else will ever compare
Anna Molly, Anna Molly
Wait there is a light (Anna Molly), there is a fire
Defragmenting the attic, fate or something better (Anna Molly)
I could care less, just stay with me a while
Do, do-do
Do...
