

Incubus, Megalomaniac

I hear you on the radio
You permeate my screen
It's unkind, but
if I met you in a scissor fight
I'd cut off both your wings
On principle alone [2x]
Hey mega-lo-maniac
You're no Jesus
Yeah, you're no fucking Elvis
Wash Your hands clean of yourself, Baby and
Step down [3x]
If I were your appendages
I'd hold open your eyes
So you would see
That all of us are heaven sent (And there was never meant to be the only one)
And there was never meant to be only one
To be only one
Hey mega-lo-maniac
You're no Jesus
Yeah, you're no fucking Elvis
Wash Your hands clean of yourself, Baby and
Step down [3x]
Step down [2x]
Oh, Step down
You're no Jesus
You're not Elvis
You're no Jesus [2x]
You're not Elvis
You're no answer
Step down [4x]
Hey mega-lo-maniac
You're no Jesus
Yeah, you're no fucking Elvis
Wash Your hands clean of yourself, Baby and
Step down [3x]
Step down
Oh, step down [2x]
Step down
