

# India Arie, Can I Walk With You

I woke up this morning you were the first thing on my mind  
I don't know where it came from all I know is I need you in my life  
You make me feel like I can be a better woman  
If you just say you wanna take this friendship to another place

Chorus

Can I walk with you through your life  
Can I lay with you as your wife  
Can I be your friend till the end  
Can I walk with you through your life

You've got me wondering if you know that I am wondering about you  
The feeling is so strong that I can't imagine you're not feeling it too  
You've known me long enough to trust that I want what's best for you  
If you wanna be happy then I am the one that you should give your heart to

Chorus

Now everyday ain't gonna be, like the summer's day  
Being in love for real it ain't like a movie screen  
But I can tell you all the drama aside you and I can find what the worlds been  
looking for forever friendship and love together

Chorus

Can I walk with you through your life till the day that the world stops turning  
Can I walk with you till the day that my heart stops beating  
Can I walk with you through your life  
Can I walk with you till the end that the birds no longer take flight till the  
moon is underwater  
Can I walk with you  
Can I walk with you

This is the moment I've been waiting for

Can I walk with you  
Can I walk with you  
Can I walk with you

You are everything I've been looking for

Can I walk with you  
Creative intellectual  
Can I walk with you  
Can I walk with you as your wife
