

Indochine, Two Faces

I met a girl and we ran away
I swore I'd make her happy every day
And how I made her cry
Two faces have I

Sometimes mister I feel sunny and wild
Lord I love to see my baby smile
Then dark clouds come rolling by
Two faces have I

One that laughs one that cries
one says hello one says goodbye
There are things I don't understand
Makes me feel like half a man

At night I get down
on my knees and pray
Our love will make
that other man go away
But he'll never say goodbye
Two faces have I

Last night as I kissed
you 'neath the willow tree
He swore he'd take
your love away from me
He said our life was just a lie
And two faces have I

One that laughs one that cries
one says hello one says goodbye
There are things I don't understand
Makes me feel like half a man
