

Infectious Grooves, You Pick Me Up (Just To Thr

You want funky? We got funky!
Who's got funky? We got funky! You said funky
Violent & Funky!
Violent & Funky (4x)

Sticks and stones may break some bones but a .357
gonna blow your damn head off
You take the pen and I'll take the sword, you can write
some shit till I cut your fuckin' head off

(Chorus:)
You want funky? We got funky! What kind of funky?
Violent & Funky!
Violent & Funky (4x)

Do unto others as you do unto yourself
'course for me that's damn easy 'cause I hate myself
A penny saved is a penny earned, but a stolen case of
beers gets you a hell of a lot drunker
Early to bed, early to rise, makes a man healthy wealthy
and boring
It ain't over till the fat lady sings and the big bitch is
choking on a chunk of salami

(Chorus)

You know it's snapped lika Mutha, you know we're
snappin' lika Mutha

(Chorus)

You know we're snappin' lika Mutha
