

# Infectious Grooves, You Pick Me Up (Just To Thr

You want funky? We got funky!  
Who's got funky? We got funky! You said funky  
Violent & Funky!  
Violent & Funky (4x)

Sticks and stones may break some bones but a .357  
gonna blow your damn head off  
You take the pen and I'll take the sword, you can write  
some shit till I cut your fuckin' head off

(Chorus:)  
You want funky? We got funky! What kind of funky?  
Violent & Funky!  
Violent & Funky (4x)

Do unto others as you do unto yourself  
'course for me that's damn easy 'cause I hate myself  
A penny saved is a penny earned, but a stolen case of  
beers gets you a hell of a lot drunker  
Early to bed, early to rise, makes a man healthy wealthy  
and boring  
It ain't over till the fat lady sings and the big bitch is  
choking on a chunk of salami

(Chorus)

You know it's snapped lika Mutha, you know we're  
snappin' lika Mutha

(Chorus)

You know we're snappin' lika Mutha
