

# Infernal, A To The B

Go from a to the b  
cross an ocean, cross a sea  
'cause i think i like you  
i think i do  
you can't deny  
i deserve it if you try  
'cause i think i like you  
when you see me  
when you look at me  
you find pleasure  
you can't hide it  
no, you cant hide it, mhmh  
but i know  
that it's all  
up to me  
'cause you can't understand  
that a girl such as me  
says: please sweep me off my feet!  
go from a to the b  
cross an ocean, cross a sea  
'cause i think i like you  
i think i do  
you can't deny  
i deserve it if you try  
'cause i think i like you  
i think i do  
work for me  
work for me  
don't you give up, ahah  
a to the b  
from a to the b  
Work for me  
Work for me  
i don't want much, ahah  
a to the b, from a to the b, ahah  
all my life, yeah  
every boy i liked  
i'd persuaded him  
and he'd loved it  
Yeah he'd loved me for it  
but now  
i'm fed up  
it is time  
for a change  
why don't you try arrange somethin' nice  
all it takes is one little thrill!  
go from a to the b  
cross an ocean, cross a sea  
'cause i think i like you  
i think i do  
you can't deny  
i deserve it if you try  
'cause i think i like you  
i think i do  
work for me  
work for me  
don't you give up, ahah  
a to the b  
from a to the b  
work for me  
work for me  
i don't want much, ahah  
a to the b, from a to the b, ahah  
[spoken]

you see, it seems to me that all us strong, independent women make men lazy.  
all of a sudden they think they don't have to court us properly.  
but boys let me tell you something: there's nothing like a man who knows how to treat a lady.  
baby every day  
i hope and pray  
that you will be mine the old-fashioned way.  
'n' you ought to know;  
i just need a gentleman to pamper me right.  
go from a to the b  
cross an ocean, cross a sea  
'cause i think i like you  
i think i do  
you can't deny  
i deserve it if you try  
'cause i think i like you  
i think i do  
go from a to the b  
cross an ocean, cross a sea  
'cause i think i like you  
i think i do  
you can't deny  
i deserve it if you try  
'cause i think i like you  
i think i do  
work for me  
work for me  
don't you give up, ahah  
a to the b  
from a to the b  
work for me  
work for me  
i don't want much, ahah  
a to the b, from a to the b, ahah
