

Infernal, Can't Go Back

Am I blind or just broken?
Cause I, I cannot look in the mirror
And my mind's got open
I wa-, wanna I see everything clearer

I know I used to want it, want it more
My craving for it just went off the door
I can't erase the way it was before
But are you in or are you out?

Cause baby if we're going down,
Could we fight and come back stronger?
I know we're gonna turn this 'round,
Because we can't go, can't go back

We can't go back, back, back... /4x

I know I act like it's over
It's only cause I want ya to listen
I pretend to be closer
To burning every dream into ashes

Tell me straight, I think we waste our time
Or is this just affair inside my mind?

I guess I can't imagine it to end
I'm not ready to lose my only friend
I want us to believe and not pretend
But are you in or are you out?

Cause baby if we're going down,
Could we fight and come back stronger?
I know we're oughta turn this 'round,
Because we can't go, can't go back

We can't go back, back, back... /8x

So I'm blind and I'm broken
And I, I cannot look in the mirror
But my mind it is open
And now, now I see everything clearer
