Listen to the victim, abused by the system
The basis is racist, you know that we must face this.
"it can't happen here". oh yeah?
"take a look around at the cities and the towns."
See them hunting, creeping, sneaking
Breeding fear and loathing with the lies they're speaking
The knife, the gun,broken bottle, petrol bomb
There is no future when the past soon come.

And when they come to ethnically cleanse me Will you speak out? will you defend me? Or laugh through a glass eye as they rape our lives Trampled underfoot by the rights on the rise.

Welcome to a state where the politics of hate Shout loud in the crowd & Discourage amp; amp; quot; watch them beat us all down. & Discourage amp; amp; quot; There's a rising tide on the rivers of blood But if the answer isn't violence, neither is your silence. If they come to ethnically cleanse me Will you speak out? will you defend me? Freedom of expression doesn't make it alright Trampled underfoot by the rise of the right.
