

Information Society, Can You Live As Fast As Me

I I believe in the power of rock'n'roll

I believe that Exxon can save my soul

II They pull your strings,

you just don't know it

they pull mine too,

but I try not to show it

III I don't know what to say

when you take your light away

I try to do my very best

and to disregard the rest

IV When you leave what can you do?

When you dream what do you see?

I'm afraid it's just too new

can you live as fast as me?

Repeat Chorus I - II

I got my baby on a chain

because it helps to ease the pain

occam'b razor cuts so deep

it's the one thing I can keep

Repeat Chorus IV - I - II - III - IV
