

# Information Society, What Use

What's the use  
Of feeling betrayed?  
What's the use  
Of feeling at all?  
I'm pacing the floor (1)  
I'm wearing it slow (2)  
This is stupid  
I think I'll go home

What's the use  
Of moving uptown  
Flying to rome  
On your credit card

An endless parade  
Of lawyers and finance  
Plenty of time  
With nothing to do

Give me new noise  
Give me new affections (3)  
Strange new toys  
From another world  
I need to see more  
That just three dimensions  
Stranger than fiction  
Faster than light
