Inna, Queen Of The Club

I think you don't know
Maybe you don't know me
Gonna let you know
You can get to know me
I won't let you go
If you never lose me
If you're feeling low
You can get to know me

You know I'm the queen of the club
Imma put you up and above
Imma give you more than you love
You know I'm the queen of the club
You know I'm the queen of the club
Imma put you up and above
Imma give you more than you love
You know I'm the queen of the club

I need the rhythm on and on now
On and on
I need to feel the rhythm now
I need the rhythm on and on now
On and on
I need to feel the rhythm now

You can turn the lights
You can turn the lights off
Here you can be free
If you turn your mind off
Put your dancing shoes
When we say it's time off
Let your body lose
We gon' turn it up

You know I'm the queen of the club
Imma put you up and above
Imma give you more than you love
You know I'm the queen of the club
You know I'm the queen of the club
Imma put you up and above
Imma give you more than you love
You know I'm the queen of the club

I need the rhythm on and on now
On and on
I need to feel the rhythm now
I need the rhythm on and on now
On and on
I need to feel the rhythm now
