

Insane Clown Posse, Thy Intro

Jumpsteady: (Green Wind and Pearl White Grass - Lightning Flashes Deep within Dark Red Forest - Star Showers, Book 4 - Chapter go, Love 4 Once)

A presence can be felt by those who have followed the epic saga as told by thy Insane Clown Posse. It is a presence that is synonymous with thy crumbling of time itself. Thus emerges a being so powerful that he can exist between both the land of the living, and that of the dead. He goes by many names but is known to thy living only as thy Wraith. He walks upon worlds forgotten, and descends from Heavens; fade into gray to witness thy death of all mortal things, so that he may guide thy departed upon thy path that they have chosen (Shangri-La). Here is the story of thy path to Shangri-La, thy 6th Jokers Card. Only now will we truly understand thy meaning of thy saga, for this saga all along, each Jokers Card, is actually none other than... they echo of our lives.
