

Inside Out, Asphyxiation

Do you know how it feels
To have come so far
Just to get shot down
And left to drown?
'Cause I've come so far
And I need you now
Yes, it's true...
So pull me through
And get me out of this.
[Pre-chorus 1:]
I never hurt you
Baby, tell me, is it what I didn't do?
I'd never hurt you, yeah
Without you, I'm...
[Chorus:]
Asphyxiated
I'm dying, please give me one last breath oh,
To pull me through it
Please, just give me one last breath while
I'm contemplating, and I'm wondering:
If you gave me one last breath, oh,
Would I suffocate again?
...I'm suffocating.
[Pre-chorus 2:]
You were my everything
Everything that I ever wanted
But you've got me wounded again...
Without you, I'm...
[Chorus]
[Bridge:]
So are you gonna watch me die
Or just walk on by?
Don't tell me you don't need me
Cause I know you do.
Give me one last try
And I'll get it right
I swear I'll get it right
This time...
