

# Interpol, Rest My Chemistry

I haven't slept for two days  
I've bathed in nothing but sweat  
And I've made hallways  
Scenes for things to regret  
My friends, they come  
And the lines, they go by  
Tonight I'm gonna rest my chemistry  
Tonight I'm gonna rest my chemistry

I live my life in cocaine  
Just some rage and three kinds of yes  
And I've made stairways  
Such scenes for things that I regret  
Oh, those days in the sun  
They bring a tear to my eye  
Tonight I'm gonna rest my chemistry  
Tonight I'm gonna rest my chemistry

But you're so young  
You're so young  
You look in my eyes  
You're so young  
So sweet so suprised

Saw a sign, it says "okay"  
Gotta take a ride just recline  
In the faraway  
Got to take some time to realize  
That my friends, they come  
And the lines, they go by  
Tonight I'm gonna rest my chemistry  
Tonight I'm gonna rest my chemistry

But you're so young  
You're so young  
You look in my eyes  
You look so young  
So sweet, so suprised  
You look so young  
Like a daisy in my lazy eye

Tonight I'm gonna rest my chemistry  
Tonight I'm gonna rest my chemistry  
Tonight I'm gonna rest my chemistry  
Tonight I'm gonna rest my chemistry
