

# Interpol, Specialist

You make me lose my buttons  
Yeah, you make me spit  
I don't like my clothes anymore

We're spending time and money  
Yeah, you're colder than yourself  
Now we're moving, now we're taking control

You make me lose my buttons  
Yeah, you make me spit  
I don't like my clothes anymore

You take me to New Orleans  
Yeah you put me to the test  
I know what my heart is for

You reach out for blanket  
I say girl you've got something  
I love how you wear it

Now we're spending time and money  
Yeah you're colder than yourself  
Now we're moving, now we're taking control

Love will get you down

My love's a laboratory  
I set all my pets free  
So baby, you should sleep with me

I make trips to the bathroom  
Yeah my friends all have true grit  
I'm speckled like a leopard

Put a lid on Shirley Temple  
Yeah you make sleek kills  
Yeah you travel, you travel

You park me in your Buick  
You sing songs into my lips  
I'm speckled like a leopard  
Just like a leopard

And love will get you down

I love the way that you put me in the big house  
I love the way you put me in the big house

If I get there early will it be the right time  
Our heaven is just waiting, so put your hand into mine  
If I get too surly will you take that in stride.  
Our boat is just there waiting so put that little hand in mine

Speak when you're spoken of  
Catch up on your sleep girl.  
When you wear that body glove  
You're acting on initiative  
You're spelling out your love  
You shouldn't be alone in there  
You could be above ground

All I want is to be the very best for you  
Oh yeah all I want is to do the very best by you

Oh this time  
There'll be no life of crime  
Don't rain on me tonight

Circle around me now, baby  
It will be ok  
Because we all go downtown sometimes

Somehow baby, we'll beat this mess  
It's the time, fuck, the surface to meet the specialist

And time away from me will get you down

Chorus
