

# Interpol, Twice As Hard

There were days of no surprise on the way  
When Nobody cared but you  
Out I retried to feel the salvation  
The proof of your words always coo, Boo

If these ties should signify, my mistakes  
Please give me power  
They are all of my creations  
Leaving me disavowed

Twice as hard  
Twice as hard  
I give it right back to you  
I give it right back to you  
Twice as hard

I rely on fewer lines to let you in  
Become my lover  
Somewhere all of my relations  
One thing's in all the other

Twice as hard  
Twice as hard  
I give it right back to you  
I give it right back to you  
Twice as hard

All those nights of many lights, fall away  
Like they're beautiful, Ours  
These are all of my creations  
Leaning me now towards you

Twice as hard  
Twice as hard  
I give right back to you  
I give it right back to you  
Twice as hard
