

Invertigo, Desensitized

When I reach out, you move away from my hands
You're never telling me why
We make plans to spend
Time you forget and the days are just passing us by
When I ask you you never understand it
You don't know what you haven't done
And when I try to explain it sounds like complaint
And the words only make you more numb
Is there a fire if you don't see the smoke?
We can't get higher if you don't let it go.
Ooh ooh ooh
How did your heart ever get like that
How did someone ever hurt so bad
That you can't see that
You've been kicked inside
You're desensitized yeah
Oooh ooh ooh
How did you heart ever get so cold
How did someone ever get so close
That you just don't know
How it feels inside
You're desensitized
I wanna believe that it's a phase you go through
That only gets harder to tell
And sometimes I think it's an easier thing to believe
That there's somebody else
(Sub) (Chorus)
Whatever they did / Whatever they said
You know it's much better just to run and forget
Whatever it was / Whoever's to blame
You know you can let yourself be feeling again
(Chorus Out)
