

INXS, Devil Inside

Here comes the woman
With the look in her eye
Raised on leather
With flesh on her mind
Words as weapons sharper than knives
Makes you wonder how the other half die
Other half die

Here come the man
With the look in his eye
Fed on nothing
But full of pride
Look at them go
Look at them kick
Makes you wonder how the other half live

The devil inside
The devil inside
Every single one of us the devil inside

The devil inside
The devil inside
Every single one of us the devil inside

Here come the world
With the look in its eye
Future uncertain but certainly slight
Look at the faces
Listen to the bells
It's hard to believe we need a place called hell
