

Iona, No Heart Beats

No heart beats like Your heart keeping me in time
No hand as warm as Your hand holding onto mine
No eyes can see through me
No smile ever drew me like Yours

No voice like Your voice can calm my fears
And no prayers like Your prayers can move me to tears
And no arm around me
Can fully surround me like Yours

No heart beats like Your Heart, like Yours
No heart beats like Your Heart, like Yours
No heart beats like Your Heart for me

Place me like a seal over Your heart
For love is as strong as death
It burns like a blazing fire
Like a mighty flame

No heart beats like Your heart keeping me in time
No hand as warm as Your hand holding onto mine
No eyes can see through me
No smile ever drew me
No eyes can see through me
No smile ever drew me
And no arm around me
Can fully surround me
And no arm around me
Can fully surround me like Yours
