Iona, No Heart Beats

No heart beats like Your heart keeping me in time No hand as warm as Your hand holding onto mine No eyes can see through me No smile ever drew me like Yours

No voice like Your voice can calm my fears And no prayers like Your prayers can move me to tears And no arm around me Can fully surround me like Yours

No heart beats like Your Heart, like Yours No heart beats like Your Heart, like Yours No heart beats like Your Heart for me

Place me like a seal over Your heart For love is as strong as death It burns like a blazing fire Like a mighty flame

No heart beats like Your heart keeping me in time
No hand as warm as Your hand holding onto mine
No eyes can see through me
No smile ever drew me
No smile ever drew me
No smile ever drew me
And no arm around me
Can fully surround me
And no arm around me
Can fully surround me like Yours
