

# Iona, Today

Today the grass is greener  
Than I have ever seen  
Today the sky is bluer  
Than it has ever been  
And today my heart is beating  
Like I&#039;ve never felt it beat  
And today flowers are growing  
From the ground beneath my feet

Today my hope is stronger  
Ans the vision&#039;s clearer  
To walk in love eternal  
The path that takes me nearer  
And to You the music&#039;s playing  
Like it has never done  
And to You my feet are dancing  
Underneath the sun

In You I live  
In You I live  
In You I live and breathe
