

Isabel, Like Snow In June

Nanana... want you forever
Nanana... always and ever
Nanana... just we together
Nanana... never say never
Blue, blue, blue
Heaven's missing you
I gave you all my heart, gave you heaven, too
Oh baby, green, green, green
It's like a dream
You're in my soul, love is like a violin
I don't care what all the people say
I need you every night and every day
I want to give you my young heart this one tonight
And I tell you:
Da di da du, you're like the snow in June
Da di da du, make my dreams come true
Da di da du, I cannot live without your love
And I tell you:
Da di da du, oh, I'm missing you
Da di da du, oh, what can I do
Da di da du, I cannot live without your love
Black, black black
Oh, you drive me mad
How can I lose a love that I never had
Oh, baby, grey, grey, grey
Oh, I have to say
I need your love tonight come and make my day
And I know there is a place for us
Something's happened to the stars above
I want to give you my young heart this one tonight
