

Ishawna, Brace (feat. Ed Sheeran)

Mi good up
Mi good up
Mi good up
Boy come whine pon mi good up
Mi Good up
Mi Good up

Girl I'll brace on yuh good up
yuh good up
Yuh good up
(Ishawna) Slide and whine pon mi good up
mi good up
mi good up

Baby, Want you to whine on ma body
Brace it, brace it pon me
Stay there and lemme whine on your body
Brace it, brace it pon me

Mi love di whine weh yuh gimmi boy
You full of moves like Samurai

When I'm with you it's ok
Everyday's like a birthday
Picture you inna mi bed boy
yuh sweet like sugar boy
Can't get enough of your taste
So you left me with a toothache

I nah go, I nah go, I nah go leave you never
I nah go, I nah go, I nah go diss you never

Baby want you to whine pon my body
Brace it, brace it pon me
Stay there and let me whine on your body
Brace it, brace it pon me

You are the heat on a summer day
I can feel my hearts been done away with
I feel electric each time
You push your body on mine
Step up from the crowd let's runaway
You could make me fall in love again
I want this feeling all night
When you push your back up and whine
I say...

I nah go, I nah go, I nah go leave you never
I nah go, I nah go, I nah go diss you never

Baby want you to whine pon my body
Brace it, brace it pon me
Stay there and let me whine on your body
Brace it, brace it pon me

Mi good up
Mi good up pal
Mi good up
Boy come whine pon mi good up
Mi Good up
Mi Good up

Girl I'll brace on yuh good up
yuh good up

Yuh good up

Slide and whine pon mi good up
mi good up
mi good up

I nah guh, I nah guh, I nah guh leave you never
I nah guh, I nah guh, I nah guh diss you never

I nah guh, I nah guh, I nah guh leave you never
I nah guh, I nah guh, I nah guh diss you never
