

# Isley Brothers, All I Ask

All I ask  
Is don't hold back your love  
All I ask  
Is don't hold back your love

If your love is mine, how could you hold back  
When you know I've given everything  
I'll always be here for you, baby  
You, my love will never change

All I ask  
Is don't hold back your love  
All I ask  
Is don't hold back your love

Hey, girl, don't you sit around with your head hangin' down  
You know I'll give you everything  
I'll always be here for you, baby  
You, my love will never change

All I ask  
Is don't hold back your love  
All I ask  
Is don't hold back your love

Don't try to hide what you're feeling, girl  
Don't try to hide if you really care  
I'll be the one if you let me, baby

All I ask  
Is don't hold back your love  
All I ask  
Is don't hold back your love
