

# Isley Brothers, All In My Lover's Eyes

I just wanna see  
The best side of me  
And it's so easy to be  
'Cause it's all  
'Cause it's all in my lover's eyes

I just wanna know  
The best way to go  
And it's goin' to show  
'Cause it's all  
'Cause it's all in my lover's eyes

Love shinin' bright  
By day and by night  
Ooh...by candlelight  
Well, it's all  
Well, it's all in my lover's eyes

(Lover's eyes)

And love's gonna flow  
Come and go  
Oh...you know I know  
That it's all  
That it's all in my lover's eyes

I just wanna, I wanna, I wanna see  
I wanna see the best side of me  
And it's so easy to be  
I know it's all  
All in my lover's eyes

Oh, it's all in my lover's eyes  
I know it is  
Ooh...ah, yeah, baby  
I wanna say it in a whisper

(Lover's eyes)

Ooh...ooh...  
I love you, love you, baby  
And I'll always, always, always, always need you, girl
