

Issue ft. Keira Green, Open Your Eye (Radio Edit)

You like the tears that fill my mind
You like to _____
Noone can tell me what to do
Here I am out of the blue
Now I know that I was blind
Open your eyes, open your mind
Give me reasons left to find
Open your soul, I'm giving it all
I'll be waiting
Open your eyes, open your mind
Give me reasons left to find
Open your soul, I'm giving it all
I'll be waiting
For your love...
Open your soul, I'm giving it all
I'll be waiting
For your love...
You like the tears that fill my mind
You like to _____
Noone can tell me what to do
Here I am out of the blue
Now I know that I was blind
Open your eyes, open your mind
Give me reasons left to find
Open your soul, I'm giving it all
I'll be waiting
Open your eyes, open your mind
Give me reasons left to find
Open your soul, I'm giving it all
I'll be waiting
For your love...
Open your soul, I'm giving it all
