

Ivan Mikulic, You Are The Only One (Eurovision

Once again just hold me
Let me feel you breathe
Softly kiss me on my face
Love is all I need
Lonely moments, years
Nothing before you
Finally youre here
Our love is true
Hold me once again my dear
Let your passion take me
In my heart theres harmony
When youre close to me Even in my dreams
I really need to feel you
Forever well be one
Our love is true
(refrain:) You are the only one
Our love is timeless
When you are by my side
Im truly blessed with
With only happiness
I have to got someone
Someone of my own
A part of me
Who lives for me
Who would die for me
