

Ive Mendes, Never Felt Love Like This

Never felt love like this
Never felt like this before
Never felt love like this
Never felt love like this
You changed my life in seconds

The day I met you
The day I found you, only you
Made seasons change
In front of my eyes
The day we looked at each other
How? I can describe
Never felt love like this
Never felt like this before
Never felt love like this
How I can truly value you
My wonderful you
What more can I give to you
I am treating you like a king
A king of the palace of my life
Wait!
Why? I chose to wait for you until now
And I could have waited for all my life

Never felt love like this,
My wonderful you
You are more than I was looking for
Much more, more, my only you
Like a promised land you came to me
After all this time
Like a promise, but I still needed to fight
All those giants of your past and of mine
You changed my despair
With your kindness
Never felt love like this
Never felt like this before
Never felt love like this
You changed my life in seconds
I want to dance for you
I kept for you
All the delights

I never learned so much like this
Never felt like this
In my whole life
No one loved me like you do

I never felt love like this
I never felt love like this before
Never felt love like this
You changed my life in seconds

Never felt love like this
I am yours, you are mine
Close your heart to every love but, mine
Hold no one in your arms but, me
This love is powerful
It's not to hide, it's to live
