

# Ivri Lider, Jesse

I love a boy named Jesse  
But Jesse doesn't love me back  
He says he has a girl named Chelsea he wants so much  
I love a boy named Jesse  
But Jesse doesn't love me back  
He says he's insecure about what he feels and what he wants  
What he feels and what he wants  
But everytime he smiles at me  
I know we are the same  
And that he'll change his world for me  
If he just knew my name  
There's no need for you to say you saw the life they chose for me  
For me  
I loved a boy named Jesse  
But Jesse doesn't love me back  
He wants to kiss and go to bed but he doesn't want to talk  
I loved a boy named Jesse  
But Jesse doesn't love me back  
He says his faith and all that stuff is only in my mind  
Only in my mind  
All i can hide  
I'm doing fine  
But everytime he smiles at me i know we are the same  
And that'll he'll he change his world for me  
If he just knew my name  
There's no need for you to say you saw the life they chose for me  
For me
