You moved me deeply  
I feel you in every part of me  
I know we will never chance to talk  
But for me you [?] sounds [?]

We bring a smile to my face  
We exist in perfect space  
It will show me where to go  
A million thoughts but now I know

Here me worlds now  
I be [?]  
Cherish to feel it  
I'll be waiting for  
Feel my heart now  
Is what I ask for  
What I given  
I'm waiting for

We bring a smile to my face  
We exist in perfect space  
It will show me where to go  
A million thoughts but now I know
